MAINTENANCE SCHEDULING ENSURING COMPLIANCE AND ROADWORTHINESS

Maintenance Scheduling

Ensuring compliance and roadworthiness

- Chris Blanchard Herb Blanchard Transport
- Chris Faulkner K&S Freighters
- Mark Collins Frasers Livestock Transport
- Bruce Scott MTData
- Justin Fleming TruckSafe

Maintenance Scheduling

Ensuring compliance and roadworthiness

- Maintenance in mixed fleets - how different schedules are handled.
- Regular servicing and faults that impact roadworthiness and compliance – how long do trucks stay non-compliant
- Extended servicing, relevancy and advantages, and how to remain compliant. Ensuring small problems do not become big ones

Maintenance Scheduling

Ensuring compliance and roadworthiness

- Manufacturer's Servicing Schedules. Do you keep to them? If not why? Could you defend the decision in court?
- How to keep mechanics alert to compliance issues
- What systems are available or used to help control roadworthiness and compliance in mixed fleets

Maintenance Scheduling

Ensuring compliance and roadworthiness

Thank You
